Others: AWS, Azure, Adobe Photoshop, Canva, Git, Github, Heroku, Salesforce, OOP, TDD, MVC, SCRUM

Soft Skills

Communication	Collaboration	Problem Solving	Organization

Languages: Portuguese

Projects

Weather Dashboard | https://github.com/steftinsley/weather-dashboard
- Dashboard that runs in the browser and dynamically updates HTML and CSS
- Used the OpenWeather API to retrieve weather data for cities. Used localStorage to store any persistent data
- HTML/CSS/Bootstrap/Javascript

Meme-ories | https://github.com/stefaniepires/meme-ories
- A social media app that prompts users to come up with funny captions for memes! The goal is for users to try and get as many cumulative"likes"/"laughs" as they can on their creative captions. They can then make friend requests to compete against their friends on the leaderboard for the user that generates the most "laughs"/ "likes".
- MongoDB/Express JS/React/Node JS/HTML/CSS/JavaScript/GraphQL/JWTs/Redux/Material UI/React-Toastify

Fridge Friend | https://fridg3-fri3nd.herokuapp.com/
- Users can create tasks with descriptions and due dates
- Node JS, Express JS, Sequelize, Handlebars ,EJS ,Nodemailer, Tailwind CSS, Adobe Illustrator, Jest, bcrypt

MVC Tech Blog | https://tech-blog-sp.herokuapp.com/
- A CMS-style blog site similar to a Wordpress site, where developers can publish their blog posts and comment on other developers' posts as well.
- Node.js, Express, Handlebars.js, Javascript, MySQL, Sequelize, Bootstrap, Jest, bcrypt

Experience

Full Stack Developer   2021 – Current
Zilis   Argyle, TX

Collaborate with team members to build responsive applications using React and Angular frameworks, Node and C#/.Net backends, SQL and GraphQL. Add new features to our app within the Angular and React frameworks. Ensure the technical feasibility of UI/UX designs. Optimize application for maximum speed and scalability.

Key Accomplishments:
- Assisted in training team members in GraphQL.
- Quickly learned Angular and C#/.Net to meet sprint deadlines on stories.

Order Fulfillment Specialist   2018 – 2020
FusionPKG   Dallas, TX

Based on client goals, manage timelines and project milestones from concept to port delivery in a fast-paced environment. Utilize problem solving skills to keep projects on time despite production challenges. Learn new production techniques that keep up with packaging trends so clients' products can stand out in the marketplace. Team up with various departments from Marketing to Logistics and effectively communicate to avoid production delays. Train new hires and Mentor them as needed.

Key Accomplishments:
- Received a promotion 11 months into the role.
- Received praise from clients for exceptional customer service, response time, and quality of work.
- Assigned to the largest account to handle project management for launches.
- Department handbook was created based on my training notes.
- Recognized for working swiftly with minimal errors.

Education

Bootcamp Certificate: University of Pennsylvania, Philadelphia, PA
A 24-week intensive program focused on gaining technical programming skills in HTML5, CSS3, Javascript, JQuery, Bootstrap, Heroku, Node Js, MySQL, MongoDB, Express, Handelbars.js & ReactJS.

B.A. Anthropology : University of North Texas, Denton, TX
